

Directions to The Food Literacy Project at Oxmoor Farm

Location: 9001 Limehouse Lane

Note: GPS devices will often lead you astray when trying to visit Oxmoor Farm, so we recommend using these directions:

- *Do not* drive towards Oxmoor Shopping Center on Shelbyville Road. The farm is bisected by Interstate-64, and we are on the opposite side of the freeway from the mall.
- From Louisville, take Taylorsville Road South, cross Breckenridge Lane, and travel 1.2 miles to the traffic light at Lowe Road, just past the fire station.
- Turn LEFT onto Lowe Road and travel 0.2 miles.
- Just after Des Pres Park, turn RIGHT onto Regency Woods Way (look for Regency Woods subdivision sign).
- Take first LEFT onto Parkshire Lane.
- Take next RIGHT onto Limehouse Lane.
- Continue straight at the stop sign as the subdivision ends and golf course/Oxmoor Country Club begin.
- Continue straight all the way past the Oxmoor Country Club sign and follow the road skirting the parking lot. *Do not* turn right before you enter the country club onto the small paved golf cart path.
- Just opposite the tennis courts, you will see a sign for the farm next to a gravel road on your right. Travel on that gravel road, keeping right. *Do not* go straight across the overpass.
- Look for greenhouses, barn with silo, and old farmhouse. Look for Food Literacy Project staff or volunteers to help you find parking or park alongside parked cars in the grass.
- The Program Offices are located in the trailer on the right side of the road, down a slope.
- The Administrative Offices are located in the trailer on the left side of the road near the big barn—first door on the right.
- The Learning Center is located in the trailer on the left side of the road near the big barn—second door on the right.
